

An Act

ENROLLED HOUSE
BILL NO. 2935

By: Mulready of the House

and

Daniels of the Senate

An Act relating to professions and occupations; amending 59 O.S. 2011, Section 1682, which relates to Electrical License Act; adding definition; providing exemption; limiting supervisory authority of certain electricians; providing for codification; and providing an effective date.

SUBJECT: Electrical License Act

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 59 O.S. 2011, Section 1682, is amended to read as follows:

Section 1682. A. As used in the Electrical License Act:

1. "Board" means the Construction Industries Board;
2. "Committee" means the Committee of Electrical Examiners appointed by the Board;
3. "Electrical apprentice" means any person sixteen (16) years of age or older whose principal occupation is the learning of and assisting in the installation of electrical work under the direct supervision of a licensed journeyman electrician or electrical contractor;
4. "Journeyman electrician" means any person other than an electrical contractor who engages in the actual installation, alteration, repair or renovation of electrical facilities or

electrical construction work unless specifically exempted by the provisions of the Electrical License Act;

5. "Electrical contractor" means any person skilled in the planning, superintending and practical installation of electrical facilities who is familiar with the laws, rules and regulations governing such work. Electrical contractor also means any individual, firm, partnership, corporation, limited liability company, or business performing skills of an electrical contractor or an electrician or the business of contracting, or furnishing labor or labor and materials for the installation, repair, maintenance or renovation of electrical facilities or electrical construction work according to the provisions of the Electrical License Act;

6. "Electrical facilities" means all wiring, fixtures, appurtenances, and appliances for, and in connection with, a supply of electricity within or adjacent to any building, structure or conveyance on the premises but not including the connection with a power supply meter or other power supply source;

7. "Category" means the classification by which licenses and electrical work may be limited. Such categories shall include but shall not be limited to installation, maintenance, repair, alteration, residential, oilfield, and commercial;

8. "Temporary journeyman electrician" means any person other than a person permanently licensed as a journeyman electrician or electrical contractor in this state who meets the temporary licensure requirements of Section 1685.1 of this title;

9. "Variance and Appeals Board" means the Oklahoma State Electrical Installation Code Variance and Appeals Board; ~~and~~

10. "Electrical construction work" means installation, fabrication or assembly of equipment or systems included in "premises wiring" as defined in the National Electrical Code (reference 158:40-1-4. Standard of Installation), and which is hereby adopted and incorporated by reference. Electrical construction work includes, but is not limited to, installation of raceway systems used for any electrical purposes, and installation of field-assembled systems such as ice and snow melting, pipe-tracing, and manufactured wiring systems. Electrical construction work shall not include in-plant work performed by employees of the company owning the plant, work performed by telecommunications

employees for telecommunications companies, or installation of factory-assembled appliances or machinery which is not part of the premises wiring unless wiring interconnections external to the equipment are required in the field; and

11. "Electrical work" means work consisting primarily of the layout, installation, maintenance, repair, testing or replacement of all or part of electrical wires, conduits, apparatus, fixtures, appliances or equipment for transmitting, carrying, controlling or using electricity in, on, outside or attached to a building, structure, property or premises. Electrical work shall not mean work that is related to or facilitates the construction, installation or maintenance of all or part of an electrical system, but which does not involve actual work with any of the electrical components provided in this definition.

B. Class 2 and Class 3 circuits shall be exempt from the requirements of electrical licensing of either an electrical contractor or a journeyman electrician, provided the work is performed in accordance with the National Fire Protection Association 70 requirements for Class 2 and Class 3 circuits.

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1698 of Title 59, unless there is created a duplication in numbering, reads as follows:

No more than three apprentice electricians shall work under the supervision of a single journeyman or contractor.

SECTION 3. This act shall become effective November 1, 2018.
