Section 1151.3. Registration—Fine

A. All roofing contractors shall be registered annually by the Board. All registrations shall be nontransferable. It is unlawful for any person to act as a roofing contractor without having a current and valid roofing contractor's registration or act as a commercial roofing contractor without a current and valid commercial roofer endorsement issued pursuant to the Roofing Contractor Registration Act, unless the person is exempt under the Roofing Contractor Registration Act. Evidence of securing a permit, including roofing work from a governmental agency or the employment of a person on a roofing project, shall be accepted in any court as prima facie evidence of the existence of a contract.

Each copy of a roofing contractor's record, which would include responses to any complaints, that is from and verified by the registrar, or a verified statement from the registrar that there is no record as no application was made, shall be received in all courts in this state as prima facie evidence of the facts stated therein.

A verified copy of a roofing contractor's administrative citation for unregistered activity or without required commercial roofer endorsement and order of final disposition from the registrar shall be received in all courts in this state as prima facie evidence of the facts stated therein, including establishment thereby of the first offense.

B. A person shall not engage or offer to engage in, by advertisement or otherwise, the business nor act in the capacity of a roofing contractor within this state nor shall that person bring or maintain any claim, action, suit, or proceeding in any court of this state related to the person's business or capacity as a roofing contractor without a valid registration and commercial roofer endorsement, when required, continuously while performing the work for which the claim, action, suit, or proceeding is sought, as provided in the Roofing Contractor Registration Act. No business entity shall advertise or act as a roofing contractor unless such business is a registered roofing contractor with a valid commercial roofer endorsement, when required, and is in good standing, and is associated with and responsible for all roofing contractor work of such entity. Any business entity violating the provisions of this subsection shall be subject to administrative penalty by the Board not to exceed Five Thousand Dollars (\$5,000.00).

C. A person who fails to obtain a valid registration and endorsement when required prior to advertising or offering to engage as or acting as a roofing contractor as defined in the Roofing Contractor Registration Act, or a person who acts as a roofing contractor while his or her registration is not in good standing or is suspended or revoked without complying with the required disclosure and option for homeowner to cancel the contract provisions of subsection I of Section 1151.5 of this title, or a person who violates any provision of the Roofing Contractor Registration Act, shall be guilty of a misdemeanor, upon conviction or plea, punishable by a fine not to exceed Five Hundred Dollars (\$500.00) for each violation. More than one misdemeanor violation in any twelve-month period shall be grounds for the suspension of the registration, and shall cause the person to be ineligible for registration for a period not to exceed twenty-four (24) months after all requirements of the sentence, or deferment of sentence, and probation have been met, including the payment of any restitution or rehabilitative treatment.

D. In lieu of referring complaints of violations of the Roofing Contractor Registration Act to the district attorney for misdemeanor prosecution, the Board in its discretion may issue administrative fines to any person up to Five Hundred Dollars (\$500.00) for violations of any provision of the Roofing Contractor Registration Act or its rules or regulations. A person who fails to obtain a valid registration prior to acting as a roofing contractor, or a person who acts as a roofing contractor while his or her registration or commercial roofer endorsement is not in good standing or is suspended or revoked without complying with the required disclosure and option for homeowner to cancel the contract provisions of subsection I of Section 1151.5 of this title, on first offense, may be administratively fined and disciplined after notice and opportunity for hearing before the Roofing Hearing Board. A person who violates any other provision of the Roofing Contractor Registration Act, on first offense within a two-year period, may be administratively fined and disciplined by the Roofing Hearing Board in its discretion in lieu of referral to the district attorney as a misdemeanor, or the matter may be referred to the district attorney. Misdemeanor conviction, guilty plea, or nolo contendere plea due to alleged violations of the Roofing Contractor Registration Act shall be grounds for the revocation of the registration and shall cause the person to be ineligible for registration for a period not to exceed twelve (12) months after all requirements of the sentence, or deferment of sentence, and probation have been met, including the payment of any restitution or rehabilitative treatment.

E. Administrative fines collected pursuant to the Roofing Contractor Registration Act shall be placed in the Roofing Contractor Registration Revolving Fund pursuant to Section 1151.20 of this title.

F. It is the duty of the building official or other authority charged with the duty of issuing roofing permits of any incorporated municipality or subdivision of the municipality or county to refuse to issue a roofing permit for any roofing undertaking which would require a registration pursuant to the Roofing Contractor Registration Act unless the applicant has furnished evidence that he or she is either registered as required or is exempt from the registration requirements of the Roofing Contractor Registration Act.

G. The Roofing Hearing Board may make application to the appropriate court for an order enjoining the acts or practices prohibited by the Roofing Contractor Registration Act, and upon a showing by the Roofing Hearing Board that the person or firm has engaged in, or is about to engage in, any of the prohibited acts or practices, an injunction, restraining order or other order as may be appropriate shall be granted by the court.

1. Exercise all incidental powers and duties necessary to effectuate the provisions of the Roofing Contractor Registration Act;

Promulgate, adopt, amend, suspend and repeal rules as may be reasonably necessary to effectuate the provisions of the Roofing Contractor Registration Act, the proper performance of its duties, and to define categories and limitations for such registration. The rule-making powers of the Construction Industries Board are subject to the Administrative Procedure Act, including those pertaining to emergency or temporary rules or regulations;

8. Investigate complaints, qualifications of qualifying parties or applicants for registration, and any person to the extent necessary to determine if the person is engaged in the violation of the provisions of the Roofing Contractor Registration Act, including unlawful or unregistered activity. The Construction Industries Board may refer the matter for misdemeanor prosecution, whether or not the person ceases the unlawful and/or unregistered activity;
9. Initiate disciplinary proceedings, request prosecution of and initiate injunctive proceedings against any person who violates any of the provisions of the Roofing Contractor Registration Act or any rule promulgated pursuant to the Roofing Contractor Registration Act;

In addition, the roofing contractor shall submit proof that the contractor has secured workers' compensation coverage satisfactory under the Workers' Compensation Act, or an affidavit of exemption or self-insurance as authorized pursuant to the Workers' Compensation Act. If the registrar deems it appropriate or necessary, the registrar may also require other information to be included on the application form to assist the registrar in registering the person as a contractor.

D. The qualifying party applying for a commercial roofer endorsement must provide information on the legal entity, including but not limited to the articles, organizational agreements or documents establishing the legal entity, including a list of the officers, members, managers, partners, or other managing agents of the legal entity. The qualifying party shall also provide a certificate of good standing or a trade name report from the Office of the Secretary of State.

E. The registrar shall refuse to register any person if the registrar determines:

H. The registrar shall send a written notice to the qualifying party when his or her registration is not in good standing.

I. Any roofing contractor who has been notified by the registrar that his or her registration is not in good standing shall cease soliciting or entering new roofing services and projects as of the date of such notification; however, the roofing contractor shall be allowed to complete roofing projects where actual physical work has begun prior to the date of issuance of the notice that his or her registration is not in good standing. The roofing contractor must disclose the change in standing to any homeowner or other person who has an interest in any job covered under the Roofing Contractor Registration Act. Upon notice of a change in standing, the homeowner shall have the option to cancel the contract. The roofing contractor will be owed the actual cost incurred for materials and the market value of labor already incurred on the job. The roofing contractor must obtain an updated authorization from the homeowner and other parties of interest if there is an agreement to continue the job as originally negotiated. If the roofing contractor fails to correct the deficiency specified in the notice by evidence satisfactory to the registrar within thirty (30) days of the date of the notice, or if the roofing contractor solicits or enters into new roofing services contracts or projects while the roofing contractor's registration is not in good standing, or while such registration is suspended or revoked, the roofing contractor shall be in violation of the provisions of the Roofing Contractor Registration Act.

K. Any registrant, qualifying party, or roofing company owner aggrieved by the decision of the registrar to suspend or revoke a registration pursuant to this section may appeal such decision as provided in this act or the Administrative Procedures Act.

There shall be a question on the application and renewal forms requiring the applicant to answer under oath whether or not the applicant has been convicted of a felony offense in this state, another state, or any other place, and the nature of that offense upon which a conviction was imposed. The registrar shall provide either on the application and renewal forms or by separate notice a statement describing the requirement under state law to register upon entering this state to reside or work if the person has been convicted of a sex offense.

D. The registrar, its agents, employees and assigns shall not be liable and are granted immunity for the acts or omissions of any registered roofing contractor or its employees, or for any person's failure or omission to properly disclose any information on an application or renewal form, including, but not limited to, pending criminal charges, arrests or prior criminal history records, disclosure of his or her roofing contractor registration status, or his or her qualifications to perform or act as a roofing contractor.

Section 1151.7. Roofing contractor registration certificate—Business limitations

The holder of a roofing contractor registration certificate is entitled to engage in the roofing business within this state pursuant to the provisions of the Roofing Contractor Registration Act, and subject to the following limitations:

1. A roofing contractor's registration certificate number shall be valid and in good standing at the time of soliciting a project and during subsequent job performance;

2. Each roofing contractor issued a roofing contractor registration shall display the roofing firm name and the roofing contractor registration number bearing the initials "OK" preceding that registration number issued by the registrar on all vehicles used to transport materials and tools in the operation of the business. 5. A roofing contractor's registration certificate number shall be submitted when applying for any permit issued by the state, or any of its political subdivisions, for commercial or

residential roofing services or projects, if a permit is required by such authority, and shall be written upon each permit issued. Provided, however, no permitting authority shall require a roofing contractor registration certificate as a condition to issuing a permit when registration is exempt pursuant to Section 1151.9 of this title;

6. A roofing contractor's registration certificate cannot be shared or used by any other individual or business entity; provided, however, a business firm, partnership, association, corporation, limited liability company, or other group or combination thereof acting as a unit may be granted a single roofing registration certificate number for use by designated roofing contractors acting as agents for the business entity when the application for registration contained sufficient information on each member, partner, officer and agent and the registrar issued a single certificate number to such persons as a business unit;

7. Upon any change to the name, address, business entity, qualifying party, change in firm ownership of fifty percent (50%) or more of the stock or beneficial interest in the company, or legal service agent of a roofing contractor or upon adjudication by a court of competent jurisdiction for a violation of the Roofing Contractor Registration Act or an act or omission specified in subsection A of Section 1151.14 of this title, the registrar shall be notified in writing within ten (10) days. 12. Each registrant shall utilize a valid written contract when engaging in the business of roofing contractor work. The contract shall contain the requirements described in Section 1151.21 of this title. B. The Roofing Contractor Registration Act does not apply to:

1. An actual owner of residential or farm property who physically performs, or has family member, employee or employees who perform with or without remuneration, roofing services including, construction, installation, renovation, repair, maintenance, alteration, waterproofing, or removal of materials or structures on property owned by such person;

2. Any authorized employee, representative or representatives of the United States Government, the State of Oklahoma, or any county, municipality, or other political subdivision of this state;

3. Any person who furnishes any fabricated or finished product, material, or article of merchandise which is not incorporated into or attached to real property by such person so as to become affixed thereto;

4. Any person including churches or other charitable entities that provide roof repairs or replacements at no charge using volunteer labor;

5. Any employee of a registrant who does not hold himself or herself out for hire, advertise, or engage in contracting, except as an employee of a registrant;

6. Licensed engineers, licensed architects, licensed HVAC and any other person licensed by the jurisdiction, operating under the purview and within the scope of their respective license;

8. Prime contractors, general contractors, property managers and project managers who bid on construction trade work in areas additional to roofing contractor work, and subcontract the roofing contractor work as long as they subcontract the roofing work to a currently registered roofing contractor who is in good standing; if the bid is solely for roofing contractor work, then a registration is required;

9. Owners of commercial properties including residential rental properties consisting of four dwelling units or less, when acting as their own roofing contractor and providing all material supervision themselves, lessees of residential properties with the consent of the owner, who, whether themselves or with their own employees, perform roofing construction in or upon the properties, all installing roofing materials according to the International Building Code, as adopted by the Oklahoma Uniform Building Code Commission, or the manufacturer's installation instructions; or

Section 1151.10. Issuance or denial of registration

A. Within twenty-five (25) calendar days from the date of application, the registrar shall either issue or deny the roofing contractor registration. No registration shall be issued to a qualifying party until the registrar receives all documentation and fees necessary to obtain a registration certificate in good standing. The registration certificate issued on an original application entitles the person to act as a roofing contractor within this state, subject to the limitations of the Roofing Contractor Registration Act. Until January 1, 2015, all registrations shall expire on June 30 of each year and may be renewed from year to year. Beginning no later than January 1, 2015, all registrations issued shall be renewed based on staggered expiration dates of the last day of the birth month of the qualifying party so that all registrations and endorsements shall expire on the last day in the birth month of the qualifying party. The Construction Industries Board is authorized to prorate registration and renewal fees, as described by rule, so that beginning January 1, 2015, or thirty (30) days after rules have been approved,

fees for renewals previously due by June 30, 2015, are prorated and converted to be due the last day of the birth month of the qualifying party by shortening or lengthening the next renewal date by up to six (6) months. Beginning the effective date of this act, new initial registrations and endorsements will be issued for up to eighteen (18) months and due for renewal the last day of the birth month of the qualifying party. After initial proration or conversion to birth month, no subsequent registration or endorsement shall be issued for longer than one (1) year and all endorsements shall expire on the last day in the birth month of the qualifying party. The Construction Industries Board shall implement rules for the scheduling of expiration and renewal of registrations and endorsements, including the prorating of fees and the identification and information of the qualifying party. The commercial roofer endorsement shall expire on the expiration date of the supporting registration.

B. An applicant or qualifying party whose registration or endorsement is refused or denied by the registrar may obtain a hearing before the Committee of Roofing Examiners with written notice to the registrar of the grounds for appeal and identification of evidence to be presented in support of the application requirements and any other information showing the applicant's ability and willingness to comply with the requirements of the act, and to protect the public health, safety and welfare. Such appeals to the Committee of Roofing Examiners shall be made by the qualifying party in writing to the registrar within fourteen (14) days from the date of the written notification of denial or refusal to register or endorse.

C. The Construction Industries Board shall issue a commercial roofer endorsement to any person who:

1. Has been certified by the Committee of Roofing Examiners as having successfully passed the appropriate examination; and

2. Has paid the application and endorsement fee and has otherwise complied with all of the provisions of the commercial roofer endorsement of the Roofing Contractor Registration Act. The endorsement fee is hereby established as up to Two Hundred Dollars (\$200.00). Renewal of a commercial roofer endorsement shall be One Hundred Dollars (\$100.00).

Endorsements renewed more than thirty (30) days following the date of expiration may only be renewed upon application and payment of the required fees and payment of late renewal fee in the amount of One Hundred Dollars (\$100.00).

No endorsement shall be renewed unless the licensee has completed the required hours of continuing education recommended by the Committee and set forth by rule.

No late fee shall be charged to renew a registration or endorsement which expired while the applicant was in active military service, if application for renewal is made within one (1) year of discharge from active duty status.

Section 1151.11. Change in roofing contractor's name, address, legal service agent, or cease of business—Notification of registrar

Not later than ten (10) days after the date of a change in a roofing contractor's name, address, or legal service agent, or upon a registered roofing contractor ceasing business as a roofing contractor, the person shall notify the registrar of the change on a form provided by the registrar. A name, address, or legal service agent change shall be accompanied by a fee not exceeding Twenty-five Dollars (\$25.00) to be set by the registrar. A person may not change his or her name under an active registration certificate if the change is associated with a change in the legal status of the business entity other than a change in marital status. Doing business under a new business name or a change in legal status of a business requires issuance of a new registration certificate. When a registered roofing contractor ceases to be active as a roofing contractor, the registrar shall suspend the registration certificate of such contractor.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 11, eff. November 1, 2010.

Section 1151.12. Certificate of renewal

A. Any roofing contractor registration certificate issued under the Roofing Contractor Registration Act may be renewed for each successive year by obtaining from the registrar a certificate of renewal. To obtain a certificate of renewal, the qualifying party shall file with the registrar a renewal application by the last day of the birth month of the qualifying party each successive year, provide any qualifying party information required under the Roofing Contractor Registration Act, Section 1151.5, not previously provided by the applicant, if any, and pay the renewal fee. The application for renewal shall require statements under oath that the qualifying party and legal entity have properly submitted income and employment taxes due in this state; whether or not the qualifying party has been adjudicated by a court of competent jurisdiction for any violation of the Roofing Contractor Registration Act or any act or omission specified in subsection A of Section 1151.14 of this title. The registrar may forward a copy of any information in an application for renewal to the Oklahoma Tax Commission and any other state agency.

B. The qualifying party shall include with the renewal application a copy of the certificate of liability insurance, unless the registrar has a current valid certificate of insurance on file, proof of workers' compensation coverage, unless exempt under the Workers' Compensation Act, and, if applicable, a copy of the current registration certificate required by law for roofing contractors. The renewal application shall be notarized.

C. The registrar shall refuse to renew a roofing contractor's registration certificate for any reason stated in subsection B of Section 1151.5 of this title or for failing to provide any qualifying party information required under the Roofing Contractor Registration Act not previously provided by the applicant. The registrar shall notify the applicant in writing if the registrar denies the renewal as provided in subsection C of Section 1151.5 of this title.

D. If any roofing contractor fails to file a renewal application by the deadline of the last day of the birth month of the qualifying party, that contractor's registration shall be not in good standing. A roofing contractor has a thirty-day grace period after the last day of the birth month of the qualifying party to renew the registration certificate without a late fee. The late fee shall be One Hundred Dollars (\$100.00). A roofing contractor registration certificate not renewed

within sixty (60) days of the last day of the birth month of the qualifying party shall be suspended for failure to renew, and if a roofing contractor's registration certificate still has not been renewed within six (6) months of expiration, it shall be revoked for failure to renew.

E. 1. A roofing contractor desiring to renew a registration certificate that has been suspended for any cause provided in this act shall be assessed a fee equal to twice the amount of the fee established by subsection D of Section 1151.8 of this title.

2. The registrar shall assess a reinstatement fee not exceeding Three Hundred Dollars (\$300.00) to be set by the registrar plus the fee established by Section 1151.8 of this title for any registration that has been revoked for any cause provided in the Roofing Contractor Registration Act.

3. A roofing contractor submitting an application for registration after suspension or revocation of that contractor's registration certificate must be otherwise eligible for registration under the Roofing Contractor Registration Act.

F. The registrar shall include a registration status notation in a roofing contractor's record if the status of registration changes from an active and valid registration to not in good standing, denied, suspended or revoked.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 12, eff. November 1, 2010; Amended by Laws 2014, HB 3184, c. 270, §10, eff. November 1, 2014.

Section 1151.13. Indexed record of roofing contractor's

The registrar shall maintain in the registrar's office in Oklahoma City, Oklahoma, open to public inspection during normal office hours, a complete indexed record of all roofing contractor registrations and information maintained on individual roofing contractors. The registrar may dispose of an inactive roofing contractor file after three (3) years. Before disposal and upon written request by any person, the registrar shall furnish a certified copy of any information maintained on an individual roofing contractor upon receipt of the sum of Ten Dollars (\$10.00) for each annual record. Each certified copy of a roofing contractor's record from the registrar shall be received in all courts in this state as prima facie evidence of the facts stated therein. The registrar may condense or provide an abstract of a roofing contractor's record for public inspection at any time for purposes of data management; provided, a complete record is available for public inspection upon written request.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 13, eff. November 1, 2010.

1. Abandonment of a roofing contract without legal excuse after a deposit of money or other consideration has been paid;

2. Diversion of funds or property entrusted to a roofing contractor;

11. Failure to post in a conspicuous place on each job site the name, existence of any commercial roofer endorsement, registration number, and telephone number for the registration under which any work is being performed;

All complaints filed with the registrar shall be open to public inspection. Nothing in this section shall be construed to require the complainant to first file a complaint with the registrar before seeking relief or remedies allowed by law.

C. A complaint received by the registrar as provided in this section may be retained by the Board for investigation, citation, and hearing before the Roofing Hearing Board or, in the Board's discretion, the complaint may be referred to the district attorney for appropriate disposition as determined by the district attorney, in his or her discretion.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 14, eff. November 1, 2010; Amended by Laws 2014, HB 3184, c. 270, § 11, eff. November 1, 2014.

Section 1151.15. Notification of contractor—Referral of complaint to district attorney

A. The Board is authorized to investigate any written complaint received pursuant to the Roofing Contractor Registration Act, including any person to the extent necessary to determine if the person is engaged in violations of the provisions of the Roofing Contractor Registration Act, including unlawful activity of the practice of contracting for roofing work without a valid registration, whether the matter is prosecuted administratively through the Roofing Hearing Board or referred for criminal prosecution. The Board may refer the matter for prosecution whether or not the person ceases the unlawful practice of contracting for roofing work without a valid registration.

B. Service of the notice of violation or citation may be in person or by certified mail at the last-known business address or residence address of the person cited.

C. A notice of violation and citation may contain a cease and desist order for residential roofing contractor work if the homeowner has been provided the required disclosure and has exercised the homeowner's option to cancel the contract as provided in subsection I of Section 1151.5 of this title, or at any time during commercial roofing contractor work.

D. The registrar shall read each complaint received and shall enter a notation in the individual roofing contractor's record showing the date that the verified complaint was received and the nature of the complaint. The registrar shall notify the roofing contractor against whom the complaint is made, in writing, within five (5) days of the receipt of the written complaint. The roofing contractor shall have ten (10) days to respond, in writing, to the registrar. If a response to the complaint is received by the registrar, whether admitting or denying the basis of the complaint, a copy of both the complaint and the response shall be sent to the district attorney along with the results of any investigation by the Board, if the Board does not retain the matter and refers the complaint to the district attorney. If no response is received, the complaint may still be referred to the district attorney, along with the results of any investigation by the Board. The Board or a Committee member is authorized to assist in any investigation of a roofing complaint referred to the district attorney, if requested by the district attorney. In addition, the registrar shall enter a notation in the individual roofing contractor's record showing the date that

the roofing contractor's response was received, if any, and whether the response admitted or denied the basis of the complaint.

E. Following referral of a complaint to the district attorney, if the roofing contractor is adjudicated by the court for an act or omission specified in subsection A of Section 1151.14 of this title, or upon a conviction for any violation of the provisions of the Roofing Contractor Registration Act, the registrar, when ordered by the court, shall suspend, revoke or deny the roofing contractor's registration for the period of time specified by the court, and if the court orders the registration suspended, revoked or denied, and yet fails to set the term of such suspension, revocation or denial, the period shall be six (6) months.

F. The registrar shall not renew, reinstate, or issue a new roofing contractor registration to any person subject to any term of denial, suspension or revocation until such term has been completed, and thereafter, the person makes application and pays required fees pursuant to Sections 1151.8 and 1151.12 of this title.

G. It shall be unlawful for a person to obtain or attempt to obtain a roofing contractor registration certificate under any other name during any period when the roofing contractor's registration is suspended or revoked. Upon conviction of a violation of this subsection, the person shall be guilty of a misdemeanor as provided in Section 1151.3 of this title. A business firm, partnership, association, corporation, limited liability company, or other group or combination thereof acting as a unit whose registration certificate is suspended or revoked includes all of the members, partners, officers, and agents acting under that roofing contractor registration certificate when such persons are specified on and did sign the application or renewal form.

Section 1151.16. Contractor's agent for service of process

Every applicant for a roofing contractor's registration who is a nonresident contractor as defined by this act, by signing and filing the application, appoints the Secretary of State as the applicant's true and lawful agent upon whom may be served all lawful process in any action or proceeding against such nonresident contractor for construction projects performed in this state. Such appointment in writing is evidence of the roofing contractor's consent that any such process against the contractor which is so served upon the Secretary of State shall be of the same legal force and effect as if served upon the contractor personally within this state. Registered foreign corporations, registered foreign limited liability companies, foreign limited liability partnerships and foreign limited partnerships entitled to do business in this state and having a current registered agent and registered address on file in the Office of the Secretary of State need not appoint the Secretary of State as agent for service of process under this section. Within ten (10) days after service of the summons upon the Secretary of State, notice of such service with the summons and complaint in the action shall be sent to the defendant roofing contractor at the defendant contractor's last-known address by registered or certified mail with return receipt requested and proof of such mailing shall be attached to the summons. The Secretary of State shall keep a record of all process served upon the Secretary of State under this section, showing the day and hour of service. Whenever service of process was made under this section, the court, before entering a default judgment, or at any stage of the proceeding, may order such

continuance as may be necessary to afford the defendant contractor reasonable opportunity to defend any action pending against the defendant contractor.

Section 1151.17. Application for building permits—Disclosure of registration certificate number

A. When applying for any permit required by the state or any of its political subdivisions for roofing services or jobs, a roofing contractor shall supply the permit-issuing official that roofing contractor's registration certificate number issued pursuant to the Roofing Contractor Registration Act. That official shall enter a roofing contractor's registration number on the permit. The registrar may investigate any roofing project for purposes of verifying roofing contractor registration or permit verification.

B. A person performing as a roofing contractor on his or her own property, although exempt from the registration requirements of the Roofing Contractor Registration Act, shall, when applying for a permit required for the project, supply the permit-issuing official any roofing contractor registration number, as soon as available, of each roofing subcontractor engaged in roofing services and doing work covered by the permit, if any. That official shall enter each roofing contractor registration number so supplied before inspection of the job.

C. A roofing contractor shall display his or her roofing contractor registration number issued pursuant to the Roofing Contractor Registration Act on every business sign, card, correspondence, and contract used to solicit and conduct roofing services in this state and shall display the roofing firm name, existence of any commercial roofer endorsement, and the roofing contractor registration number bearing the initials "OK" preceding that registration number issued by the registrar on all vehicles used to transport materials in the operation of the business. Such names, endorsements, and numbers shall be printed in letters and numerals at least two (2) inches in height in a conspicuous location on both sides of each vehicle in contrasting color to the background color.

D. Each registrant shall post in a conspicuous place on each job site the name, existence of any commercial roofer endorsement, registration number, and telephone number for the registration under which any work is being performed, and on all media containing the registrant's name, including but not limited to magnetic signs on vehicles, business cards, contracts, bids, letterhead, signs, and advertisements.

Section 1151.18. Verification of contractor's certificate number to enforcement officials and the public

Upon request, the registrar shall verify a roofing contractor registration number to city, county and state enforcement officials and to the public. The registrar shall establish through the Internet or other technology a verification system or direct access system for confirming roofing contractor registration certificates and status of registration maintained by the Construction Industries Board. The system shall include the notation of each complaint received against an

individual roofing contractor, his or her response to each complaint by noting whether the roofing contractor admits or denies the allegation, any court disposition of a complaint, if known, and any conviction for a violation of the provisions of this act. In addition, the system may include a notation for any conviction of a criminal violation in this state, another state, or the United States when disclosed by a criminal history records search on the individual roofing contractor. Disclosure of any information through use of the roofing contractor registration system or information maintained by the registrar shall not be deemed to be an endorsement of any roofing contractor or determination of any facts, qualifications, information or reputation of any roofing contractor by the registrar, the state, the Construction Industries Board, or any of their respective agents, officers, employees or assigns.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 18, eff. November 1, 2010.

Section 1151.19. Construction of Act

This act shall be construed to be in addition to, and not in lieu of, any required licensure of persons for certain professions and trades in this state, and further, this act shall not be deemed to conflict with or affect the authority of any state or local agency, board or commission whose duty and authority is to administer or enforce any law or ordinance or to establish, administer or enforce any policy, rule, qualification or standard for any trade or profession.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 19, eff. November 1, 2010.

The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of application and renewal fees, late fees, administrative fees, reinstatement fees, and any other monies collected pursuant to the Roofing Contractor Registration Act. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the Construction Industries Board for implementation and administration of the Roofing Contractor Registration Act. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment. This fund shall be subject to and comply with the provisions of Section 211 of Title 62 of the Oklahoma Statutes.

Historical Data: Added by Laws 2010, SB 2180, c. 479, § 20, eff. November 1, 2010; Amended by Laws 2012, HB 3079, c. 304, § 278.

Section 1151.21. Contract cancellation

A. When a person indicates a residential contractor will be paid by the proceeds of a property and casualty insurance policy and the person enters into a written contract with a residential contractor to provide goods and services with the understanding the insured is to pay from the proceeds of a property and casualty insurance policy claim, the person may cancel the contract within seventy-two (72) hours after the insured has received written notice from the insurer that all or any part of the claim has been denied. Cancellation is evidenced by the insured

giving written notice of cancellation to the residential contractor at the address stated in the contract. Notice of cancellation, if given by mail, is effective upon deposit into the United States mail, postage prepaid and properly addressed to the contractor. Notice of cancellation need not take a particular form and is sufficient if it indicates, by any form of written expression, the intention of the insured not to be bound by the contract.

B. Before entering into a contract referred to in subsection C of this section, the residential contractor shall:

1. Furnish the insured a statement in boldface letters in a minimum size of twelve-point type, in substantially the following form: "You may cancel this contract at any time within seventy-two (72) hours after you have received written notification from your insurer that your claim to pay for the goods and services to be provided under this contract has been denied. See attached Notice of Cancellation for an explanation of this right." and

2. Furnish the insured a Notice of Cancellation form, fully completed in duplicate, attached to the contract, but easily detachable, containing a statement in boldface letters in a minimum size of ten-point type, containing the following statement:

"NOTICE OF CANCELLATION

If your insurer denies all or any part of your claim to pay for goods and services to be provided under this contract, you may cancel the contract by mailing or delivering a signed and dated copy of this cancellation notice or any other written notice to _____ (name of contractor) at _____ (address of contractor's place of business) at any time within seventy-two (72) hours after you have received written notice that your claim has been denied. If you cancel, any payments made by you under the contract will be returned to you within ten (10) business days following receipt by the contractor of your cancellation notice.

I HEREBY CANCEL THIS TRANSACTION

(date)

(insured's signature)"

C. Within ten (10) days after a contract referred to in subsection A of this section has been cancelled, the contractor shall tender to the insured any payments made by the insured and any note or other evidence of indebtedness. If, however, the contractor has performed any emergency services, acknowledged by the insured in writing to be necessary to prevent damage to the premises, the contractor is entitled to the reasonable value of such services.

D. Any violation of this section by a residential contractor shall be considered a violation of the Roofing Contractor Registration Act, and shall be subject to the misdemeanor penalties prescribed in Section 1151.3 of Title 59 of the Oklahoma Statutes.

Historical Data: Added by Laws 2011, SB 928, c. 225, § 6.

Section 1151.22. Workers compensation insurance coverage

A. Any contract entered into under the Roofing Contractor Registration Act shall include a statement that all individuals performing work under the contract are covered by workers' compensation insurance.

B. If an affidavit of exemption for workers' compensation insurance is used by a legitimately exempt person, it shall be attached to the contract and it shall be used only for residential construction projects. All commercial projects shall require all individuals performing work on such project to be covered by workers' compensation insurance as employees of the person registered under the Roofing Contractor Registration Act. However, any day laborer who can show proof of being covered by workers' compensation insurance under the temporary labor agency for whom he or she is hired-out may provide an affidavit from the temporary labor agency to meet the requirement of this section for authority to use an affidavit of exemption.
